

Hillsdale Soccer Association Volunteer Coaching Compliance Requirements

Thank you for volunteering! The Hillsdale Soccer Association (HSA) recreational soccer program is run entirely by volunteers, and without people like you, it would not be a success.

In order to become and remain a compliant volunteer coach, you must provide the town records of the below items. For more information on how to do so, please see on the following page for instructions for each of the following:

1. Fingerprinting and criminal background check (valid for 3 years)
2. Rutgers S.A.F.E.T.Y. training (good for life)
3. Concussion training (good for life)
4. Hold Harmless (completed during online registration)
5. Coaches Code of Conduct & Ethics Agreement (completed during online registration)
6. Lightning Safety Policy (completed during online registration)
7. COVID Form (completed during online registration)

Many, if not all, of the above requirements can be transferred with you to comply with other Hillsdale recreation sports/activities (e.g. baseball, softball, etc.) so it's important you maintain copies for your records.

IMPORTANT: Please be advised that the HSA will do our absolute best to also keep a copy of the records you share with us, but the best approach is to always KEEP and SAVE a copy of everything for yourself first, but then you must also send copies of items # 1, 2 and 3 above together in one email to: Jill Cohn at jcohn@hillsdalenj.org so the town has a copy AND cc: coaches@hillsdalesoccer.com so the HSA has a copy on file as well. {Ideally the subject line would have your full name as well to help avoid any confusion}

All other general (non-coaching compliance) inquiries should be sent to: general@hillsdalesoccer.com or if you are interested in getting even more involved—or know someone who is—please join us at one of our monthly board meetings. For more information on the HSA, please visit <https://www.hillsdalesoccer.com/>.

Thank you again for your support,
Hillsdale Soccer Association
